RE: Chargeback Recovery Assistance

Dear Retailer:

There are chargebacks in the system that require your immediate attention. While we are working diligently to assist our retailers in resolving any manufacturer related chargebacks, we are still in need of additional information from you for certain manufacturers.

Having this information available and documented in our system ensures that inquiries to chargebacks from these manufacturers/agents are processed immediately without any additional time delay and that future chargebacks maybe resolved without your intervention and/or avoided altogether.

For the following manufacturers, the agents are not even processing our initial inquiries without having the information sent along with them so please help us help you by providing us with as much information as possible for any/all the manufacturers. We understand that you may only have chargebacks from one but please complete contact information for as many as you have available and especially the one/ones who has/have denied payments.

If you have any questions or require additional information, please do not hesitate to contact our staff at info@millenniumcoupon.com or 973-249-3962. You may email us the information at info@millenniumcoupon.com or fax it to our office at 973-767-2271.

Your immediate attention to this matter is greatly appreciated. Thank you.

Sincerely,

MCRS Team
